2. Act #2001-1090 further provides that on or after February 1, 2002, the utility furnishing such telegraph or telephone services shall be entitled to deduct and retain from the gross amount of tax billed by the utility 9/10 of 1% of the amount of such tax billed in consideration of the costs incurred by the utility in collecting and remitting the tax levied by subsection 40-21-82(b). However, on and following October 1, 2002, the amount deducted and retained by such utility shall be 1/4 of 1% of the gross amount of such tax billed.

(3) Telephone and Telegraph Services

(a) The gross sales or gross receipts from the furnishing of telegraph and telephone services are taxable pursuant to Section 40-21-82(b).

Various substances are prepared commercially by electrolysis; for example, chlorine (from salt), hydrogen (from water), and aluminum (from alumina). An "electrolyte" chemically, is a conductor in which the electric current is a movement of ions. Electrolysis is also used in the medical profession. "Electrothermal" means heat produced by electricity. Electric furnaces are used for making large quantities of high grade steel; they are especially used in making high grade alloy steels.

(6) Alabama Economic Incentive Enhancement Act of 2007

(a) An entity locating in Alabama subsequent to December 31, 2006 and qualifying for the tax abatements created by Act # 2007-199 under new Chapter 9D of Title 40 of Code of Alabama 1975 known as the "Alabama Economic Incentive Enhancement Act of 2007", shall be allowed an exclusion for a period of ten years from the utility tax levied in Section 40-21-82(a) on purchases of electricity, natural gas, and domestic water. Entities qualifying for this exemption shall obtain a State Utility Tax Certificate of Exemption (Form STE-3) by applying for the certificate on forms provided by the Department. (See Rule 810-6-5-.26.05 entitled Utility Gross Receipts Tax or Mobile Communication Services Tax Certificate of Exemption (Form STE-3) - Responsibilities of the Certificate Holder - Burden of Proof - Liability for Taxes Later Determined to be Due.)

(b) Pursuant to Section 40-9B-3(8), the beginning date of the ten year period exclusion shall commence from:

1. The date of initial issuance by a county, city, or public authority of bonds to finance any costs of the property, or
2. If no bonds are ever issued, the later of:
 - i. The date on which title to such property was acquired by or vested in such county, city, or public authority, or
 - ii. The date on which such property is or becomes owned, for federal income tax purposes, by the qualifying entity
3. Or, the date the property (facility) is placed in service.

(c) The existing utility tax exemption specified in paragraph (4)(b) of this Rule on total purchases of water where more than 50 percent of the water is used in industrial processing does not limit the exemption to a specified number of years. An entity qualifying under Chapter 9D of Title 40 may qualify for this existing exemption.

(d) The exclusion from utility tax provided in paragraph (6)(a) of this rule and the provisions thereof shall apply equally to the Utility Service Use Tax levied on electricity, natural gas, and domestic water.

(7) Consolidation by a Single Entity of Multiple Monthly Bills from Any One Utility Service Provider of Electricity, Domestic Water, or Natural Gas Services

(a) The taxes levied in Sections 40-21-82 and 40-21-102 are structured such that, when a person who is furnished electricity, domestic water, or natural gas services is receiving more than one bill from any one utility for such services, respective of a month, and the aggregate of the purchase price of utility services furnished by the utility exceeds forty thousand dollars (\$40,000) for the month, the tax calculated on the separate billings may exceed the tax due.

1. When a person purchasing utility services and receiving more than one bill each month from any one utility for such services has paid to the utility more tax on the billings than is due on the aggregate of the purchase price of utility services furnished for the month by the utility, the person may apply for a refund of the overpayment in accordance with the procedures outlined in Section 40-2A-7(c), Code of Alabama 1975, including the joint petition requirement contained in Section 40-2A-7(c)(1).

2. When a person purchasing utility services and receiving more than one bill each month from any one utility for such services desires to pay the utility privilege license tax computed upon the aggregate of the purchase price of utility services furnished for the month by the utility, the person may apply for a permit from the Department of Revenue, purchase the utility services without the payment of the tax to the utility, and remit the tax directly to the Department in accordance with the procedures outlined in Rule 810-6-5-.26.02. Utility Tax Direct Pay Permit.

(b) For the purposes of the taxing statutes in Title 40, Code of Alabama, 1975, a single member limited liability company is classified in the same manner as it is for federal income tax purposes. Unless the single member limited liability company has made the election to be treated as a corporation under the Internal Revenue Service's "check-the-box" regulations, it is disregarded as an entity separate from its owner. A person who is the single member of one or more limited liability companies that are classified as disregarded entities may consolidate the purchases of utility services made by the companies from any one utility with the purchases made by the person from that utility, respective of a month, and compute the utility tax on the aggregate as though the purchases made by the limited liability companies were made directly by the single member, as outlined in paragraph (f). Prior to consolidation, documentation must be provided to the Department to clearly establish ownership of each limited liability company and its status for federal income tax purposes. (Code of Alabama, 1975, Section 10-12-8(b).)

(7) (8) General Provisions

(a) Where a discount is deductible from the gross charge for a utility service if payment is made within a prescribed period, the tax applies to the amount actually paid.

(b) Receipts from (i) standard collection charges, which are flat-amount administrative fees charged to cover the cost of sending a customer a delinquent billing letter; (ii) reconnect fees, which are fees charged for reconnecting a utility service after someone has moved from one location to another or after service has been disconnected because of nonpayment for services; (iii) collection fees, which are fees charged when a utility must send a collector to a utility customer to attempt to collect payment on a utility service billing prior to disconnecting service; and (iv) charges or fees added for failure to timely pay utility bills, whether the charge or fee is a flat amount or is based upon a percentage of the bill which was not timely paid, do not constitute gross sales or gross receipts from furnishing utility services and, therefore, are not taxable. (State of Alabama v. Muscle Shoals Electric Board (Admin. Law Div. Docket No. S. 93-286, decided November 4, 1993) and State Department of Revenue v. Mobile Gas 621 So.2d 1333 (Ala.Civ.App. 1993))

(c) Any person engaged or continuing in the business of furnishing taxable and nontaxable utility services to a customer shall pay the tax required on the taxable services furnished when his or her books are kept so as to show separately the taxable utility services furnished and the nontaxable utility services furnished. When the books are not so kept, the person furnishing the utility services shall pay tax on the total gross receipts of all utility services furnished. This would require separate meters for taxable and nontaxable services furnished; estimates will not be acceptable. (Shellcast Corp. v. White, 477 So.2d 422 (Ala. 1985))

(d) In case a customer of a utility claims an exemption, the applicability of which there is some doubt, either the utility or the customer may request from the Department a determination of the validity of the claim for the exemption.

(e) The tax levied in Section 40-21-82 shall apply to all utility services furnished for use by the State of Alabama, the counties within the State of Alabama, and any other person or entity previously exempt from all taxation. The tax levied under this section shall apply to utility services furnished for use by incorporated municipalities of the State of Alabama except the exemptions noted in previous paragraphs. The tax levied under this section shall not apply to utility services furnished to the Federal Government and its agencies. Utility services furnished to national banks are taxable.

(f) Any person regularly engaging in any business for which a privilege tax is imposed by Section 40-21-82 shall apply for and obtain from the Department a license to engage in and to conduct such business on forms furnished by the Department. The application for a utility tax license shall require the following information:

1. Applicant's Federal Employer Identification Number,
2. Applicant's legal name, trade name, and complete mailing address,
3. Number of businesses in Alabama and exact location of each (exact location shall include city, county, and street address; if location is on highway or rural route, exact location shall include details sufficient to allow Department personnel to find the place of business),
4. Indication of the kind and class of business (i.e. domestic water, natural gas, electricity, telephone services, and/or telegraph services,

5. Indication of the legal form of ownership (sole proprietorship, partnership, corporation, multi-member limited liability company, single-member limited liability company, limited liability partnership, etc.),

If the applicant is a corporation, a copy of the certified certificate of incorporation, amended certificate of incorporation, certificate of authority, or articles of incorporation; if the applicant is a limited liability company or a limited liability partnership, a copy of the certified articles of organization,

7. Name, title, home address, and social security number of the sole proprietor, each partner, each corporate officer, or each member (for a partner or member that is a corporation or limited liability entity, the federal employer identification number shall be requested in lieu of a social security number)

8. Name of former owner of business, if any,

9. Beginning date of business,

10. Business and home phone numbers, and

11. Signature and title of the sole proprietor, each partner, an elected corporate officer, or a member and the date of the signature.

Every person, firm, or corporation on whom these taxes are levied shall prepare and forward to the Department within the time fixed and prescribed by law a return for each calendar month using forms prepared and furnished by the Department, and shall pay to the Department the amount of tax shown to be due. See Rule 810-1-6-.12 entitled Taxes Required to be Filed Electronically. Each taxpayer shall file only one return for all units of businesses operated within the state. Any taxpayer liable for utility tax whose average monthly tax liability was \$10,000 or greater during the preceding calendar year shall make estimated payments to the Department on or before the twentieth day of the month in which the liability occurred. Such estimated payments must be at least equal to the taxpayer's actual tax liability for the same calendar month of the preceding year. (Section 40-21-85)

1. Utility Privilege License Tax returns shall require the following information:

(h) Every person engaged in the business of furnishing utility services shall add the tax levied in Section 40-21-82 to the gross receipts from furnishing such services and include the tax as a part of the total price billed to the purchaser of the services. (Section 40-21-86)

(i) A utility service provider is not required to collect utility tax from a purchaser who claims an exemption from the tax and, as documentation of the exemption claim, furnishes the utility service provider a properly executed utility tax certificate of exemption (Form STE-3) issued by the Department pursuant to Rule 810-6-5-.26.05. The utility service provider who relies in good faith on the Form STE-3 and reasonably believes the tax exemption claim is legal shall not be held liable for utility tax later determined by the Department to be due on the sale for which the certificate was received. Instead, the Department will collect or recover the utility tax due from the party or parties who made the illegal tax-free purchase with the Form STE-3 and the person or persons who benefited from the illegal use of the Form STE-3. (Section 40-21-88).

(j) The utility gross receipts tax shall be administered and the tax shall be collected in accordance with the uniform procedures set forth in Title 40 along with the procedures outlined in Sections 40-23-8 through 40-23-12, 40-23-25, and 40-23-27 through 40-23-31, Code of Alabama 1975, as amended, together with the applicable definitions contained in Section 40-23-1, Code of Alabama 1975, as amended. No discount is allowed for prompt payment of the utility gross receipts tax. However, Act #2001-1090 amended Section 40-21-82(b) which provides that a utility furnishing telephone and telegraph services is entitled to a collection allowance effective February 1, 2002 as stipulated in paragraph (2)(b) of this rule. (Section 40-21-85)

(k) Insofar as applicable, the provisions of this rule shall apply equally to the Utility Service Use Tax. In the event that a seller making sales of utility services for storage, use, or other consumption in this state, not exempted under the provisions of Section 40-21-103, is exempted from collection of the tax herein levied by any provisions of the Constitution or laws of the United States of America, then the purchaser of the utility services shall pay the tax directly to the Department each month pursuant to this rule.
